⭐ My SmartTimetable Guide

For kids · Kid Mode · SmartTimetable 5.6.26 on Android

Hi! 👋 SmartTimetable is your own planner. It shows what you do each day, the jobs you can finish, and the stars ⭐ you earn. The words in **bold** are the words you will see on the screen.

1. The five buttons at the bottom

	Button	What it shows
🏠	**Home**	Your whole week.
🗓️	**Today**	Your day, from morning to night.
✅	**Tasks**	Your tasks and chores.
▶️	**Focus**	A timer for homework and reading.
🙂	**Standup**	Your whole day in one quick look.

Tip: when the app opens, tap 🏠 **Home** to see your week.

2. How to earn stars ⭐

There are three ways:

1. 🗓️ **Today**: did an activity? Tap its grey ☆. It turns into a yellow ★. That is 1 star!
2. 🧹 **Chores**: finished a chore? Tap the big green ✓.
3. ✅ **Tasks**: finished a task? Swipe it to the right, most of the way across, until you see ✓.

🔒 **A parent checks this** means a grown-up looks at your job first. Then your stars arrive.

Your star box shows your stars and your rewards 🏆. It also shows how many stars you still need, for example **5 more ⭐ to unlock next: Special Treat**. When you get there, ask your grown-up for your reward! 🎉

3. 🏠 Home: my week

- At the top you see **Weekly Overview**, your name and today's date.
- Tap a day at the top to see what happens on that day.
- **Next Up** shows what comes next. Your star box is here too.
- 🗓️ at the top shows appointments, like a visit to the doctor.
- 🔓 at the top is the **Parent Lock**. It is only for grown-ups.
- A day with nothing in it says **Ask a parent to add activities**.

4. 🗓️ Today: my day

- Your activities are in order, from morning to night.
- The card at the top shows what is happening now and the **Time Remaining**.
- Did it? Tap ☆ to make it ★. Tapped by mistake? Tap it again.
- School has no star. When your classes are added, the School card shows them.

5. ✅ Tasks and 🧹 Chores

At the top, tap ✅ **Tasks** or 🧹 **Chores** to switch.

✅ Tasks

- Tap a task to read all about it.
- Finished it? Swipe it to the right until you see ✓.
- 🕓 **Sent to a parent**: these tasks are waiting for a grown-up to check.
- Finished tasks move to **Completed**, at the bottom.

🧹 Chores

To Do	Chores to do. Tap the green ✓ when you finish one.
Awaiting Approval	Waiting for a grown-up to check.
Missed	The day ended before it was done.
Done	Finished. Well done! 🎉

- A grey 🔒 with **Not yet - comes up on its day** means the chore is for another day.
- **All chores done!** means nothing is left. 🎉

6. ▶️ Focus: my timer

1. Pick a timer: ⏳ **Countdown**, ⏱️ **Count Up** or ⏱️ **Stopwatch**.
2. For Countdown or Count Up, pick the minutes, from 5 to 60.
3. Tap the big ▶️ to start. Tap ⏸️ to pause. Tap ↻ to start again.

Countdown ends with 🎉 **Time's up!** Count Up tells you 🎯 **Target reached!** On the Stopwatch, tap **Lap** to save each round.

💡 Time your homework, then try to beat your time!

7. 🙂 Standup: my day at a glance

Today's Standup counts your activities: **Completed**, **Remaining** and **Total**. Below the numbers there are four lists:

Currently	Happening now.
Overdue	It has started, but you have not tapped its ☆ yet.
Completed	You tapped ★. Great job!
Coming Up	Later today.

Nothing today? It says **Great day for free time and fun!** 🌟

8. 🙋 Ask a grown-up when...

- you want to add or change something in your plan.
- a chore is in **Missed**, but you really did it.
- you see 🔓 **Parent Lock**. That is for grown-ups.
